

# Hazelmere's COVID-19 Protocols for Tennis Operations

Please note that we would prefer you to be in your tennis clothes when you arrive at the club to limit the use of the change rooms.

- When entering the tennis facility first sanitize your hands before entering the courts. While we do provide hand sanitizer, we ask that carry your own sanitizer with you when possible.
- If you are not feeling well and or are exhibiting any COVID-19 related symptoms please stay home.
- Suggestions when on the courts are the use:
  - Two cans of balls labeled for serving in singles
  - Four cans of balls for doubles
  - Each person has their own labeled can for serving
  - Use of the number on the ball or use of a marker
  - Wear a latex glove on your non-playing hand
- Maintain physical distancing of at least 2 meters from others at all times
- No changing of ends during play
- When your court time is over, please sanitize your hands and leave the club immediately. No gathering in the tennis lounge or parking lot is permitted
- A maximum of 2 persons are permitted in the change rooms at a given time
- Doubles will be played on alternate courts with 30-minute windows in place between doubles bookings
- All four last names of doubles players must be given to the receptionist when booking a doubles court
- Doubles courts are not to be booked side by side. Alternate courts for doubles only. There can only be a maximum of two doubles courts at the same time
